

SPRING GREENS FAIR 2017

Idealistic Home Fora Guidelines **Inclusive Workshops, Presentations & Discussions** *Keep it simple - remain flexible.*

This year's "Idealistic Home" theme is being adopted "from the foundation" into each Forum. We have many offers to contribute yet, as a participatory event, we wish enable everyone to contribute! So, we are arranging a series of themed Fora which will cluster people into sessions lasting around 90minutes starting from 11am and ending around 5pm.

Start times will be in staggered intervals of an hour alternating between the Granary and Table Round in its 30' yurt with break-out discussions in other spaces or in the Café Courtyard. Lunch times could even co-ordinate between 1:30 and 2pm!

If there is enough demand, a self-organising "Speakers Corner" venue may also be available.

There will be time for opening presentations from key speakers to get things going (say 3 x 5-10 minutes) before opening up to discussion with the other participants. Each Forum will take place in the round - literally in a circle to encourage face-to-face communication. We aim to publish a time-tabled programme including a list of key-note speakers but we will also to remain open to the unexpected and remain open to keep our selves open to surprise contributions.

*Notes – Just a Minute: A list of forum participants and their interests would be fabulous; as would any written notes and/or recordings.

Forum contributions are being co-ordinated this year by Jeff Glyn-Jones.
